

## Northern Ireland Sustainable Energy Programme

### Schemes running from April 2018 to March 2019<sup>1</sup>

#### 1. Priority<sup>2</sup> (Low-income Households) – Whole House Solutions

Scheme Name	Scheme Description	Target Customers	Scheme Manager and Application Details (if appropriate)
<b>Cosy Homes</b>	<b>Heating and insulation measures:</b> <ul style="list-style-type: none"> <li>▪ Grant of up to £1,000 towards heating and £100 towards insulation</li> <li>▪ Energy saving light-bulbs</li> </ul>	Housing Association Properties	<b>Power NI</b>  Housing Associations will be responsible for selecting properties and funding remainder of cost.

<sup>1</sup> Schemes may not start immediately as it can take a few weeks to set up and as funding for each scheme is limited, schemes will only run whilst funds are still available. Therefore some schemes may be closed to further applications before the end of March 2019. Please contact the Scheme Manager, using the contact details specified, to clarify the availability of grants and further details about the individual schemes.

<sup>2</sup> Priority schemes, both whole house and individual measures, are aimed at low-income households. Each of the priority schemes has its own set of vulnerability criteria/income thresholds to identify qualifying households. In general, **NISEP schemes are targeted at households who do not qualify for assistance from government schemes such as Affordable Warmth.**
